

Classification Work Group - Update

PIDX Spring Meeting, 2nd – 4th April 2007
Houston

AGENDA

1. Appointment of Vice Chair of Classification  Dave Wallis of OFS Portal
2. ConocoPhillips review of the Material Master project
3. Current state of PIDX templates, how many completed, & Work in Progress
4. Identification of existing templates in need of updating / modification
5. Goals for 2007 –
 1. Availability of dedicated Classification webpage on PIDX site
 2. Promotion of the suitability for use of the PIDX templates for the O&G industry
 3. Wider marketing awareness of the PIDX classification system
6. Concerns for the future
 1. Industry interest – translating to volunteer resource to continue development of the templates
 2. Other standards bodies activity in the O&G arena

Thank You, Any Questions
