

API 676 3rd Edition Comparative Summary – Bibliography - Rev. 2

2nd Edition

3rd Edition

**Positive Displacement Pumps—
Rotary
Manufacturing, Distribution and Marketing Department
API Standard 676
Second Edition, DECEMBER 1994**

From Section 1, Referenced Publications

**Positive Displacement Pumps—
Rotary
Manufacturing, Distribution and Marketing Department
API Standard 676
Third Edition, TBA**

Bibliography

- [1] ISO 185, *Grey (lamellar graphite) cast iron — Classification*
- [2] ISO 683-1, *Heat-treatable steels, alloy steels and free-cutting steels — Part 1: Direct-hardening unalloyed and low-alloyed wrought steel in form of different black products*
- [3] ISO 683-13:1986, *Heat-treatable steels, alloy steels and free-cutting steels — Part 13: Wrought stainless steels*
- [4] ISO 683-18, *Heat-treatable steels, alloy steels and free-cutting steels — Part 18: Bright products of unalloyed and low alloy steels*
- [5] ISO 1083, *Spheroidal graphite cast iron — Classification*
- [6] ISO 2604-2, *Steel products for pressure purposes — Quality requirements — Part 2: Wrought seamless tubes*
- [7] ISO 2892, *Austenitic cast iron*
- [8] ISO 3506-1, *Mechanical properties of corrosion-resistant stainless-steel fasteners — Part 1: Bolts, screws and studs*
- [9] ISO 3506-2, *Mechanical properties of corrosion-resistant stainless-steel fasteners — Part 2: Nuts*
- [10] ISO 4991, *Steel castings for pressure purposes*
- [11] ISO 9327-2, *Steel forgings and rolled or forged bars for pressure purposes — Technical delivery conditions — Part 2: Non-alloy and alloy (Mo, Cr and CrMo) steels with specified elevated temperature properties*
- [12] ISO 9327-4, *Steel forgings and rolled or forged bars for pressure purposes — Technical delivery conditions — Part 4: Weldable fine grain steels with high proof strength*
- [13] ISO 9327-5, *Steel forgings and rolled or forged bars for pressure purposes — Technical delivery conditions — Part 5: Stainless steels*
- [14] ISO 9328-4, *Steel flat products for pressure purposes — Technical delivery conditions — Part 4: Nickel-alloy steels with specified low temperature properties*

API 676 3rd Edition Comparative Summary – Bibliography - Rev. 2

2nd Edition

3rd Edition

- [15] ISO 9329-2, *Seamless steel tubes for pressure purposes — Technical delivery conditions — Part 2: Unalloyed and alloyed steels with specified elevated temperature properties*
- [16] ISO 9329-4, *Seamless steel tubes for pressure purposes — Technical delivery conditions — Part 4: Austenitic stainless steels*
- [17] ISO 11972, *Corrosion-resistant cast steels for general applications*
- [18] ISO 13707, *Petroleum and natural gas industries — Reciprocating compressors*
- [19] ISO 14120, *Safety of machinery — Guards — General requirements for the design and construction of fixed and movable guards*
- [20] ISO 16330, *Reciprocating positive displacement pumps and pump units — Technical requirements*
- [21] EN 953, *Safety of machinery — Guards — General requirements for the design and construction of fixed and movable guards*
- [22] EN 1561, *Founding — Grey cast irons*
- [23] EN 1563, *Founding — Spheroidal graphite cast irons*
- [24] EN 10028-2, *Flat products made of steels for pressure purposes — Part 2: Non-alloy and alloy steels with specified elevated temperature properties.*
- [25] EN 10028-3, *Flat products made of steels for pressure purposes — Part 3: Weldable fine grain steels, normalized*
- [26] EN 10028-7, *Flat products made of steels for pressure purposes — Part 7: Stainless steels*
- [27] EN 10083-1, *Quenched and tempered steels — Part 1: Technical delivery conditions for special steels*
- [28] EN 10083-2, *Quenched and tempered steels — Part 2: Technical delivery conditions for unalloyed quality steels*
- [29] EN 10088-2, *Stainless steels — Part 2: Technical delivery conditions for sheet/plate and strip for general purposes*
- [30] EN 10088-3, *Stainless steels — Part 3: Technical delivery conditions for semi-finished products, bars, rods and sections for general purposes*
- [31] EN 10095, *Heat resisting steels and nickel alloys*
- [32] EN 10208-1, *Steel pipes for pipelines for combustible fluids — Technical Delivery Conditions — Part 1: Pipes of requirement class A*
- [33] EN 10213-2, *Technical delivery conditions for steel castings for pressure purposes — Part 2: Steel grades for use at room temperature*
