Standard References in the Regulations

Dear Member,

Attached for your information is ISO/TC 22 N 2479 Rev. It is an updated list of references to ISO standards found in the ECE Regulations.

ISO/TC 28 has 18 standards that are currently used in the ECE Regulations.

Regards,

Paula Watkins
ISO/TC 28 Secretary

STANDARD REFERENCES IN THE REGULATIONS

At the 31st ISO/TC22 meeting, May 2004, the document N2479 pointed out the references of ISO Standards into the ECE Regulations.

Since that date the number of references increased and the table in annex gives the current situation.

There are 120 existing ECE Regulations. 56 of them contain ISO references.

A total of 133 different ISO Standards are used, coming from 27 Technical Committees (see the table below).

TC	6	17	22	24	26	27	28	42	43	44	45	47	58	61
Nb. of Standards	1	1	39	2	1	1	18	1	2	2	13	4	3	7
TC	69	70	79	102	107	110	131	134	145	156	164	176	193	
Nb. of Standards	2	1	1	1	1	1	1	1	2	1	6	2	2	

We can see that 39 Standards of ISO/TC22 are used in the ECE Regulations. There are 7 in addition since the last document N2479 and some of the old standards were revised.

ANNEX to ISO/TC22 N 2479 Rev (Sept 2005)
