ISO/TC 28 N 2308

2007-02-02

To: P-members
O-members
L-members

Copy to: ISO/CS

prEN ISO/DIS 22854

The attached documents contain the report of voting on prEN ISO/DIS 22854 *Liquid petroleum products — Determination of hydrocarbon types and oxygenates in automotive gasoline — Multidimensional gas chromatography method*.

EN ISO 22854 is a parallel development document under the Vienna Agreement between ISO and CEN, with CEN/TC 19 leading the development.

The ballot resulted in acceptance of the ISO/DIS-CEN/Enquiry text.

Attached in Annex A: the table of replies from ISO/TC 28;

in Annex B: the tables of replies from CEN/TC 19;

in Annex C: a compilation of the comments from ISO and CEN members resolved by the project leader in consultation with CEN/TC 19/WG 9;

in Annex D: the revised text (proposed ISO/FDIS-CEN Formal Vote text).

In the edited text, some minor questions, awaiting further information from the project leader, are highlighted in yellow. At the request of the CEN/TC 19 Secretary, **this text is circulated for information and review only**. A formal ballot will follow later.

All ISO/TC 28 members are requested to bring forward any comments or queries on the resolution of the comments and the proposed revised text. If no objections are brought forward before **2007-05-02**, we shall assume you are in agreement with the proposed text for ballot as an ISO/FDIS-CEN/Formal Vote.

Yours sincerely

Paula Watkins
