

## ISO/TC 28 Petroleum products and lubricants

**Secretary:** Paula Watkins, American Petroleum Institute, 1220 L Street NW, Washington, DC 20005, USA  
Tel: +1 202 682 8197 Fax: +1 202 962 4797 E-Mail: [watkinsp@api.org](mailto:watkinsp@api.org)

**ISO/TC 28 N 2314**

**2007-06-12**

**To:** P-members  
O-members  
L-members

**Copy to:** ISO/CS

### **Results on proposed merging of ISO/TC 28/SC 3 & SC 6 into SC 2**

In document 28 N 2309, the following questions were asked:

#### **Question 1**

Do you agree to SC 3 and SC 6 being merged into SC 2?

#### **Question 2**

Do you agree to the new title and scope for SC 2 given in AG Resolution 18/2006?

Responses from P-members were initially required by 16 May 2007. Due to the low response rate, the deadline was extended to 8 June 2007. When extending the deadline, it was noted that unless we were notified to the contrary by that date, we would assume members not responding were in agreement with both questions posed in 28 N 2309.

The ISO Directives Part 1:2004 state in Clause 1.6.1: "Subcommittees are established and dissolved by a 2/3 majority decision of the P-members of the parent committee voting, subject to ratification by the technical management board."

As all P-members of the parent committee voting responded positively to question 1, I shall submit to ISO/CS a request for the ISO/TMB ratify the TC 28 decision to merge SC 3 and SC 6 into SC 2. The comments of Indonesia on the new title for SC 2 will be considered by the ISO/TC 28/AG at their meeting to be held on 22 June 2007.

Once the new subcommittee structure is ratified, members of the former SC 3 and SC 6 will be contacted to determine what they wish their status to be on SC 2 (P- or O-member).

Yours sincerely

*Paula Watkins*

Paula Watkins  
Secretary to ISO/TC 28

## Ballot results on proposed merging of ISO/TC 28/SC 3 and SC 6 into SC 2

Annex A- Comments:

Indonesia:

We suggest the following alternative: New title: Measurement and Quality Assessment of Petroleum and Related Products. Reason: Because the title of "Measurement of Petroleum and Related Products" not represent the activity of SC 6/WG 7.
