

ISO TECHNICAL MANAGEMENT BOARD

SUBJECT

1. Modified title and scope of ISO/TC 67
2. Disbandment of ISO/TC 67/SC 1

BACKGROUND

The secretary of ISO/TC 67 *Materials, equipment and offshore structures for petroleum and natural gas industries* submitted to the ISO Central Secretariat on 7 March 2002 a request to modify the title and scope of this technical committee and to disband its subcommittee SC 1 *Line pipe*.

1) Title and scope

ISO/TC 67 wishes to extend its scope to include the petrochemical industry and "has investigated this proposed scope change, and is not aware of any potential conflicts with other ISO technical committee scopes."

The modifications are indicated below (additions are underlined, deletions indicated by strikeout).

Modified title:

Materials, equipment and offshore structures for petroleum, petrochemical and natural gas industries

Modified scope:

Standardization of the materials, equipment and offshore structures used in the drilling, production, ~~refining and transport by pipelines~~ and processing of liquid and gaseous hydrocarbons within the of petroleum, petrochemical and natural gas industries.

Excluded:

- aspects of offshore structures subject to IMO ~~requirements~~ regulations (ISO/TC 8).

2. Disbandment of SC 1

ISO/TC 67 has decided to disband SC 1 and transfer the work group as well as the responsibility for the SC 1 documents (ISO 3183-1, 3183-2 and 3181-3) to SC 2 *Pipeline transportation systems*.

ACTION

The members of the Technical Management Board are invited to:

- inform us whether they agree with the modified title and scope of ISO/TC 67 and the disbandment of ISO/TC 67/SC 1 by no later than **31 May 2002**.
