Copy to: ISO Central Secretariat

Many of you who are involved in ISO/TC 67 will have interacted with another individual in the API staff, Jennifer Kelly, our API Program Assistant. Jennifer has ably assisted the Secretaries to ISO/TC 28 and ISO/TC 67 over the last 10 years, and has played an ever increasing role in performing the duties that API has undertaken on behalf of ANSI.

Jennifer has recently decided to accept a position as a project manager with another standards developing organization within Washington D.C. Her last day at API will be 28 February 2006.

I would like to take this opportunity to congratulate Jennifer and thank her for her contribution to API and ISO/TC 67, and wish her well in her new job.

Until notified otherwise, please send any correspondence regarding ISO/TC 67 directly to me (miller@api.org) and any correspondence regarding ISO/TC 67/SC 4 directly to Andy Radford (radforda@api.org).

Regards,

David Miller, PE
Director, Standards Department
