After the Houston meeting (July 2006) the draft was updated and circulated to the WG 2 members for approval and comments. During this WG approval period it was decided to have a final meeting (Nov 2006) in Houston for resolution of comments and agreement to move the ISO draft TS29001/Q1 forward to ISO and API SC18 ballot.

The ISO/DTS 29001 was circulated to the ISO/TC 67 members for comments and approval (ISO/TC 67 N 978) till 28<sup>th</sup> May 2007.

WG 2 met in San Francisco on the 27<sup>th</sup> of June 2007. During the meeting the comments received during the ISO/DTS ballot were reviewed and resolutions were taken.
